Japan's Activities in Far East Causing U. S. Little Concern

Ultimatum Sent to Germany Overshadows
All War Developments in Washington,
and Wilson and Bryan Earnestly Confer.

UNITED STATES DETERMINED TO AVOID BEING DRAWN IN

President Refuses to Discuss Japan's Demands on Kaiser, But Sees No Reason to Doubt the Good Faith in the Jap Promise to Observe Integrity of China.

By Associated Press.

Washington, Aug. 17.—President Wilson declared today that he had no reason to question the good faith of Japan in promising to observe the integrity of China in connection with the Japanese ultimatum to Germany demanding the surrender of Kiau Chau to the Japanese government.

The President would not discuss the ultimatum, saying that one of the duties of a neutral country is to give no opinion of what other nations are doing.

Secretary of State Bryan was at the White House early this morning, supposedly in connection with Japan's ultimatum. Both the President and Mr. Bryan refused to discuss the visit.

Washington, Aug. 17.—Japan's ultimatum to the Berlin government demanding that Germany withdraw from Kiau Chau, its stronghold in China, overshadowed in Washington today all developments growing out of the war in Europe. One outstanding feature of the crisis was the determination of the United States not to be drawn into the controversy. Administration officials look upon it as an issue strictly between Japan and Germany.

Secretary Bryan was assured by Baron Chinda, the Japanese ambassador, that the Tokio government would exercise utmost care to safeguard the interests of the United States and other countries not immediately involved during the settlement of the issue. Baron Chinda presented a note from his government which comprised the announcement of the ultimatum and a statement of Japan's intention to restore Kiau Chau to China.

Germany took the territory from China after the killing of several German missionaries sixteen years ago. Since the German fleet sailed into Kiau Chau harbor sixteen years ago and claimed the territory as indemnity for alleged attacks on German missionaries, Japan's avowed intention has been to restore it to her oriental neighbor.

Washington, August 17.—A resolution directing Secretary of State Bryan to protest against the announced intention of Japan to take over the German leased territory of Kiau Chau, China, was introduced in the House today by Representative Britton, of Illinois.

By Associated Press.

The censorship put into effect by the British authorities over the movement of her armed forces afloat and in Belgian is effective to a remarkable degree.

Not one word of news has come through for several days past concerning British military or naval activities.

Censored dispatches from Brussels and Paris have frequently referred to the presence of the British troops arrayed against the forces of Germany, but not one word has been allowed to come through from any source to indicate the numerical strength of the British field army or where the unit may be located. Equal secrecy

battleship, Zrinyi, and three other ships, whose names could not be learned, were sunk by the French fleet. A great number of French and English warships are said to be patrolling the coast.

RUSSIA BEHIND

By Associated Press.

Washington, Aug. 17.—Germany has acknowledged receipt of President Wilson's proffer of good offices in mediation or arbitration. All of the warring countries except Russia have now replied.

CHASE AUSTRIANS FROM OPEN SEAS

By Associated Press.

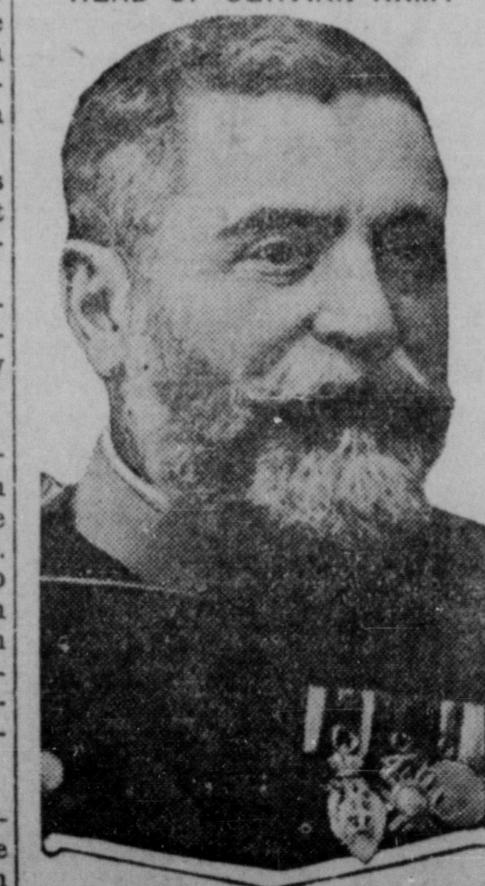

London, Aug. 17.—A dispatch from Rome to the Exchange Telegraph Company says it is reported from Ancora that four British battleships chased the Austrian cruisers Aurora and Szigetvar, which were blockading Antivari. The Austrian vessels were pursued until they took refuge in the naval station of Pola.

AMERICAN REGISTRY PROVIDED

By Associated Press.

Washington, August 17.—By a vote of 40 to 20 the Senate today rejected the conference report on the Shipping bill to admit foreign built ships to American registry and proposing to open the coastwise trade to foreign craft. The House bill then was adopted by the same vote. It extends American registry to all foreign built ships. The bill now goes to President Wilson for approval. It is believed he will sign it.

HEAD OF SERVIAN ARMY

General Putnik, commander-in-chief of the Servian army.

London, August 17.—Official dispatches say that Greece has received official information that Turkish troops have crossed into Bulgarian territory and are marching in the direction of Greece. The Hellenic government, in consequence of these reports, has notified Turkey that if this news is confirmed corresponding naval and military measures will be taken immediately by Greece.

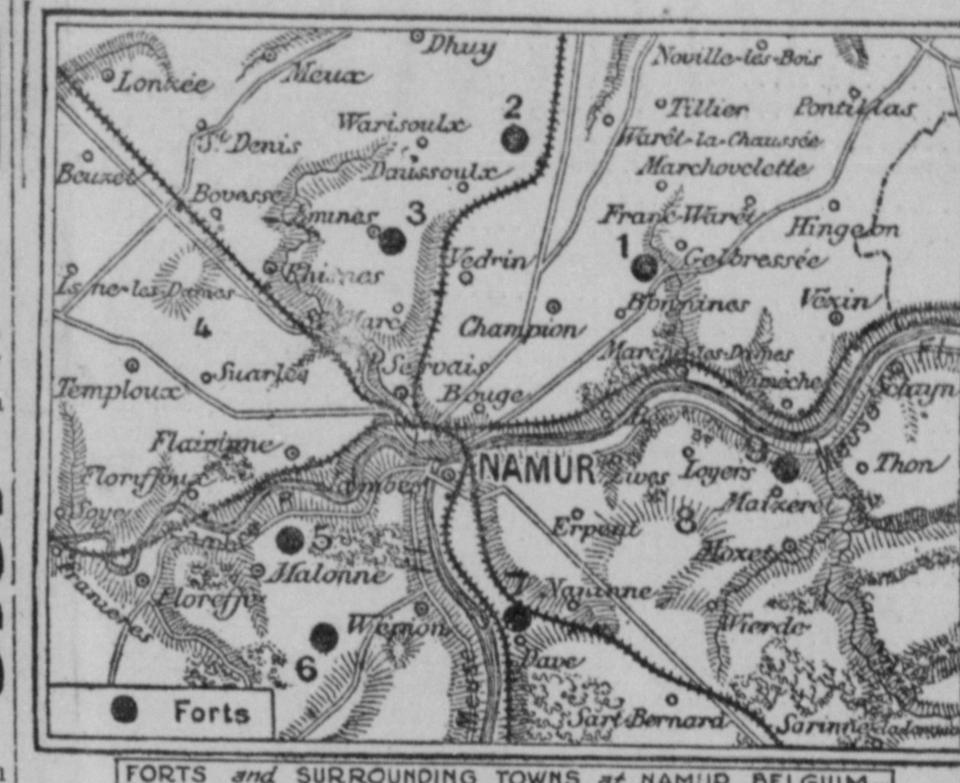

London, Aug. 17.—A dispatch from Paris to the Havas Agency says French troops have occupied the town of Schirmeck, twelve kilometers beyond Sales, in Alsace. They took 12 field guns, 12 caissons and 8 rapid fire guns. The French cavalry then pushed on to Mulbach and Lutzenhausen.

London, Aug. 17.—The official press bureau issued a statement today that French troops, in the course of a rapid advance along the valley of the Schirmeck, has taken a thousand prisoners, the scene of the fighting during the last few days in upper Alsace.

The official announcement shows the great destructive effect of the fire of the allied artillery. Trenches abandoned by the enemy are filled with dead and wounded.

MAP SHOWING FORTS AT NAMUR, BELGIUM, WHICH WILL BE STORMED BY GERMANS

Belgian and French soldiers prepared to defend the city of Namur, Belgium, against the attack of the Germans. It is one of the best fortified places in the little war scarred kingdom, and when it is attacked a long, bloody siege is expected. The principal fort is located on high rocks overlooking the Meuse and Sambre rivers, at the junction of which the city is located. The position of the forts is indicated on this map.

By Associated Press.

London, August 17.—Official dispatches say that Greece has received official information that Turkish troops have crossed into Bulgarian territory and are marching in the direction of Greece. The Hellenic government, in consequence of these reports, has notified Turkey that if this news is confirmed corresponding naval and military measures will be taken immediately by Greece.

London, Aug. 17.—A dispatch from Paris to the Havas Agency says French troops have occupied the town of Schirmeck, twelve kilometers beyond Sales, in Alsace. They took 12 field guns, 12 caissons and 8 rapid fire guns. The French cavalry then pushed on to Mulbach and Lutzenhausen.

London, Aug. 17.—The official press bureau issued a statement today that French troops, in the course of a rapid advance along the valley of the Schirmeck, has taken a thousand prisoners, the scene of the fighting during the last few days in upper Alsace.

The official announcement shows the great destructive effect of the fire of the allied artillery. Trenches abandoned by the enemy are filled with dead and wounded.

PATROLS UNITED STATES COAST

By Associated Press.

San Francisco, Aug. 17.—The German cruiser Leipzig, which, stripped for action, has been patrolling the coast of this harbor for the last week, entered San Francisco Bay early today and anchored just outside the Golden Gate. Her officers sent word ashore of a desire to confer with the German counsel.

GERMAN CROWN PRINCE

London, August 17.—The British Official News Bureau today says: "The French fleet in the Mediterranean has made a sweep up the Adriatic Sea as far as Cattaro. A small Austrian cruiser of the Aspasia type, 2,363 tons, was fired on by the French vessels and sunk."

London, August 17.—A Brussels dispatch to the Exchange Telegraph Company says the French casualties in the fighting between Namur and Dinant were heavy as the Germans were strongly entrenched and their artillery at the outset played great havoc with the French.

PLANS MADE TO PREVENT SPECULATION

By Associated Press.

New York, August 17.—Plans to stop speculation, which is said to have much to do with the increasing price of food, were perfected today at a meeting of the executive board of the Mayor's commission of 133, appointed last week to aid county and federal officers in their investigations of the causes of the upward trend of food prices. In the Long Island City section of Brooklyn disorder occurred yesterday at meat markets and grocery stores where credit was refused to persons thrown out of work on account of the war closing plants where they were employed.

RECEIPTS \$25,000 PER DAY

By Associated Press.

Panama, August 17.—The sum of \$25,000 was taken in yesterday in tolls by the Panama canal which was officially opened Saturday, August 15. Three steamers already today are going through the waterway and four more probably will start before nightfall. The total receipts in canal tolls up to the present time amount to \$100,000. Of this sum \$25,000 was collected from the barge line which has been using the waterway for some weeks. The balance has been obtained from commercial steamers.

BANK BANDITS

Pittsburg, August 17.—Two men entered the Homestead National bank today, covered officers with revolvers, took all available cash and fled, escaping in an automobile.

BULLETINS

By Associated Press.

London, August 17.—A dispatch from Nish says the Servians successfully repelled the enemy near Lyma. The Austrians have bridged the Drina near Kunachitz.

London, August 17.—No official confirmation of a reported French naval success over the Austrians in the Adriatic had been received.

London, August 17.—Henry S. Breckenridge, assistant secretary of war of the United States, announced that he would place \$300,000 in the hands of Ambassador Page for the relief of Americans. Mr. Breckenridge intends to leave Falmouth for Rotterdam on board the United States cruiser, Tennessee. He hopes to reach Germany by this route.

The North Carolina will proceed to Cherbourg when Major Chas. A. Hedden will take charge of the relief work in France.

London, August 17.—The British Official News Bureau today says: "The French fleet in the Mediterranean has made a sweep up the Adriatic Sea as far as Cattaro. A small Austrian cruiser of the Aspasia type, 2,363 tons, was fired on by the French vessels and sunk."

London, August 17.—A Brussels dispatch to the Exchange Telegraph Company says the French casualties in the fighting between Namur and Dinant were heavy as the Germans were strongly entrenched and their artillery at the outset played great havoc with the French.

VILLA IS A PUZZLE

Mexico City Occupied By the Constitutionalists.

Washington, Aug. 17.—The state department received reports of the occupation of Mexico City by Constitutional troops under General Obregon. The entrance of the rebels was so peaceful and their presence so generally accepted by the people of the city that there was little for the Mexican minister to report except the bare fact that the occupation was

IN THE STEERAGE

Columbus, Aug. 17.—Declaring that he embarked from Liverpool with several others as steerage passengers, Samuel P. Bush, millionaire head of a local steel castings company, cabled to Governor Cox asking him to endeavor to arrange for disembarkation at a special pier instead of Ellis Island. The cablegram failed to give any details of the plight of the Americans.

Boost Washington—Buy At Home.

NO WAR LOAN

New York, Aug. 17.—It is safe to say that there will be no war loan made by any banking house of this country to any one of the belligerent nations of Europe. In a word, America's money will not cross the seas to help the fighting nations to wreck themselves or each other to a greater extent than their own resources will permit. The house of J. P. Morgan put itself on record to this effect. It did so through Mr. Morgan himself. He said that President Wilson's opposition to any war loans, as made known through the secretary of state, had decided his firm to drop negotiations with intermediaries acting in behalf of the French government.

HIT BY TRAIN

Youngstown, O., Aug. 17.—Two were killed and five others injured when an automobile truck was struck by a fast Erie train at Leavittsburg, O. Dead: Henry Seifert, Youngstown; Frederick Ross, Youngstown.

TWO MEN KILLED

Cincinnati, Aug. 17.—Two men were killed, two were seriously injured and 15 cars filled with coal were overturned in a wreck on the Norfolk and Western railroad near Perrintown. The dead: Harold Ellis, fifty, Williamsburg; unknown white man.

ANOTHER VIADUCT

Cleveland, Aug. 17.—A bond issue of \$5,000,000 for the construction of a third high level bridge, to be located midway between Superior and the Central viaducts, will be submitted to the voters of the county at the next election, Nov. 3.

Needed Airing.

"What's the matter with you?" demanded Borem notly. "I've got a right to air my opinions, haven't I?"

"Oh, of course," replied Brightly. "They're so stale and musty they certainly need something of that sort."—Philadelphia Press.

WHISKY MEN ARE EXCITED

Cincinnati, Aug. 17.—The distillers of Cincinnati, the second largest whisky center of the country, are frantically trying to finance the release from bond of several million gallons of whisky before it is affected by the proposed increase of 50 cents per gallon tax.

Filling the Autocrat.

Why should wives complain when husbands read the morning paper at the breakfast table since reading makes a full man?—Little Rock Gazette.

Keep your Liver Active During the Summer Months—Foley Cathartic Tablets for Sluggish Liver and Constipation.

It does beat all how quickly Foley Cathartic Tablets liven your liver and overcome constipation. Ney Oldham, Wimberley, Texas, says: "Foley Cathartic Tablets are the best laxative I ever used. They take the place of calomel." Wholesome, stirring and cleansing. No griping. A comfort to stout persons. Blackmer & Tanquary.

The New South

The South has been gradually creeping out of the shadows for the last fifty years. Torn and despoiled, by years of terrific conflict, she is just now beginning to feel the tingle of a genuine convalescence in her veins. With fine soil, fine climate and splendid people, it took a long time to renew her shattered sinews. Everything in the South was the same after the war as it was before, except the people and their institutions. They had the same climate, the same soil, the same rivers and harbors, the same genius among their people. There were not so many people, however, and their institutions were changed. It has taken half a century and lots of new blood and capital to bring them to the front. The North was badly crippled, practically bankrupt and greatly reduced in numbers, but her men went back to the same laws, the same government, the same institutions to which they had always been accustomed, ready and able to push herself to the highest pinnacle of commercial and industrial success. Every citizen taught to rely on himself, set cheerfully to work with full confidence in his ability to establish himself as a worthy and thrifty citizen.

In the South the prop had been taken away. Men were used to living in great style on extensive plantations, and having a race of people do their every bidding. Or they belonged to the "poor white trash" and were considerably lower in their social standing than the slave. When his negroes were taken from the planter he was almost helpless. With the best of land and endless opportunity, he was scarcely able to make a living. He only knew how to grow one or two things and was unable to do much at that through help he must secure at a price.

In many instances the landowner at the end of the war was without funds or equipment. Everything everywhere was in ruin and stagnation. The fields grew up in brush; the houses without repair, shattered about the heads of the tenants; fences became unknown; few crops were planted and those that were, were only half tended; the colored man set free was shiftless; there was no money; everything was in the worst conceivable condition for progress. But today there is a new South and the North will be obliged to keep moving if it holds its own in many of the lines it has so long regarded as its own. Regardless of what many of our farmers think, the natural resources of the South are as great as in any other part of our country. They have unlimited land as fertile as any on the globe; their climate is naturally better than it is farther north; they are getting the most energetic people assembled that the Anglo Saxon race can boast; when the Panama canal opens they will have direct and ready market with the east and west coasts of North and South America. The South is coming.

Talk Less About Uplift and Show More Efficiency In Office

By EUGENE LAMB RICHARDS, New York State Superintendent of Banks

THIS HAS BEEN THE ERA OF PUBLICITY. LET US MAKE IT THE ERA OF SINCERITY. LET US TALK LESS ABOUT UPLIFT AND SHOW MORE EFFICIENCY IN OFFICE. LET US CAMPAIGN AGAINST PUBLIC MEN WHO PREACH CIVIC RIGHTEOUSNESS ON SUNDAY NIGHT AND LET POLITICAL ADVANTAGE CORRUPT THEIR ACTIONS ON MONDAY MORNING. FOR THE MAN WHO ADVOCATES SOMETHING HE DOES NOT BELIEVE IN IS AS DISHONEST AS ONE WHO STEALS A HORSE OR FORGES A NOTE—AND A COWARD.

Most men in public life are afraid of the press, and many sincere ones shift from the right thing to the popular thing because of the bugaboos. "What will the papers say?" But no honest man need fear, no faithful official need shrink from the final judgment of the press, for sooner or later the newspapers, which are never fooled for long (if at all), will get the sincere man's measure. And the other kind of men—*we must rid ourselves of these pussy footed statesmen by showing them as they are. We must uphold the real men and be real ourselves.*

Poetry For Today

"GOD SAVE OUR KING."
God save our gracious king,
Long live our noble king,
God save the king!
Send him victorious,
Happy and glorious,
Long to reign over us,
God save the king!

O Lord our God, arise,
Scatter his enemies,
And make them fall:
Confound their politics,
Frustate their knavish tricks;
On Thee our hearts we fix.
God save us all!

Thy choicest gifts in store,
On him be pleased to pour,
Long may he reign.
May he defend our laws,
And ever give us cause,
To sing with heart and voice,
God save the king!

Weather Report

Washington, August 17.—Ohio, Indiana and Lower Michigan—Unsettled; probably showers Monday and Tuesday.

Tennessee and Kentucky—Generally fair Monday and Tuesday.

West Virginia—Partly cloudy Monday; Tuesday showers.

WEATHER OBSERVATIONS.

Observations of the United States weather bureau taken at 7 p. m. Sunday:

	Temp. Weather.
New York	77 Cloudy
Boston	74 Clear
Washington	78 Cloudy
Buffalo	64 Cloudy
Columbus	80 Cloudy
Chicago	80 Cloudy
St. Louis	94 Clear
St. Paul	72 Clear
Los Angeles	78 Clear
New Orleans	82 Cloudy
Tampa	74 Rain
Seattle	62 Cloudy

Weather Forecast.
Washington Aug. 17.—Indications for tomorrow:
Ohio—Probably showers.

PUTNAM'S EXTRACTOR RIDES YOUR FEET OF SORE CORNS

No substitute has ever been devised that gives the quick, painless results you get from Putnam's Painless Corn and Wart Extractor. Its success is unequalled. It soothes, eases, heals and painlessly removes callouses, bunions, warts and corns in twenty-four hours. Perfect satisfaction guaranteed with 25c bottle of Putnam's Painless Corn and Wart Extractor. Refuse a substitute preparation. Putnam's is sold by druggists everywhere.

Played With Fire Balls.

For many centuries polo, or chaman as it was then called, was a favorite pastime with Asiatic rulers. A contemporary annalist records of Akbar, the greatest of Mogul emperors, that "he plays at chaman on dark nights, the balls being set on fire. For the sake of adding splendor to the game his majesty has knobs of gold and silver fixed to the chaman sticks. If one of these breaks any player that gets hold of the pieces may keep them."

Good Advice.

"Young man," said the boss, "come hither and listen." He approached. "When you've made a mistake forget it and go on to the next job. Don't potter around all day adding a lot of finishing touches."—Louisville Courier-Journal.

DESTROY ROBBERS

Twelve Men Dead In the Fight In West Virginia Hills.

STOLEN MONEY RECOVERED

Five Desperadoes, All Italians, Sell Their Lives Dearly, Fighting Several Hundred Men For Many Hours From the Security of a Natural Fortress—Band Exterminated When Nitroglycerin Makes an Opening.

Devon, W. Va., Aug. 17.—In the wilds of Mingo county, West Virginia, a duel to the death was fought between a posse of more than 200 men and the bandits who on Friday slew three employes of the Glen Alum Fuel company and escaped with \$12,500. When the fight ended five Italians lay dead. They had sold their lives dearly and had fought since Saturday noon from the security of a natural fortress in the fastness of the north fork of Ben creek.

The deaths of these outlaws wipes out the gang and puts the toll of the tragedy at twelve dead and three wounded.

The dead: Dr. W. D. Amick, physician for the Glen Alum Fuel company; Joseph Shelor, head bookkeeper for the company; F. D. Johnson, Jr., head electrician for the company; John Belcher, former justice of the peace at North Fork, W. Va.; W. L. Burrell, a detective; John Tiller, member of the posse; unidentified Hungarian, a member of the posse; five bandits, all unidentified.

Bud Rutherford, suspected of being the only mountaineer who was with the desperadoes, was arrested and taken to Williamson under a strong guard.

The posse fought from the crags and from behind logs and trees. A rain of fire was poured at the little fort of the band of men who were hemmed in by the cordon of determined men. An occasional shot came from the bandits. This was an indication to the posse that they were short of ammunition and were determined to save the bullets for the last stand. Nitroglycerin was used to dislodge the desperadoes.

All of the money the men had stolen was recovered except about \$700.

The bodies of the slain possemen were removed here. Those of the bandits were left on the ground where they were killed. There was nothing in the possession of the men to establish their identity.

PRACTICAL HEALTH HINT.

Headache.

An American physician recently addressed a congress of doctors, in which meeting he condemned the use of medicine to quiet headaches without attempting to discover their cause.

Many forms of headache are susceptible of prompt relief or entire cure by timely and sensible regulation of the life of the patient, his habits, surroundings, influence of occupation and by the correction of diseases and disorders on which the headache depends. In these various ways may be influenced the headaches of indigestion, biliousness and constipation, of cerebral over-work and emotional excitement, of insolation and eye strain, of many cases of debility, of bad ventilation, malaria and over-stimulation of various sorts, of uterine and ovarian disease and of chronic blood diseases.

Myrtle Wedding Wreaths.

On her wedding day the Danish peasant girl wears a simple crown of myrtle with her national costume, varying with the district, but always charming—and pots of myrtle are carefully cherished by girlish hands through the long winters in anticipation of the great event.

"Is this outdoor sleeping arrangement you propose tentative?"

"Oh, no. You can take a shack if you don't like the tents."—Baltimore American.

"Stay-at-Home" Sufferers of Hay Fever and Asthma—Get a Bottle of Foley's Honey and Tar Compound!

Restful sleep, relief and comfort from choking, gasping asthma and tormenting hay fever for those who take Foley's Honey and Tar. It spreads a healing soothng coating as it glides down a raw tickling throat, and stops irritating coughs and summer colds.—Blackmer & Tanquary.

COX LIVERY BARN DESTROYED BUSINESS CENTER THREATENED

Fierce Conflagration Last Night
Wipes Out Livery Barn,
Damages Memorial Hall, Gossard Garage and Cave Building, Causing Loss of \$12,000 to \$15,000.

FIRE PROBABLY KINDLED BY SPARKS FROM CIGAR OF SOME UNKNOWN MAN

Fire Fighters Work Heroically to Prevent
Destruction of Adjoining Buildings—
Gossard Garage Building Badly Damaged
—Postmaster Culhan Nearly Succumbs
to Heart Trouble.

Horses Given Freedom, Flee to All
Parts of City—Greatest Fire Since
Destruction of Memorial Hall and
Dahl-Millikan Block—Motor Fire
Engine Pays for Itself Several
Times Over.

The heart of the business district was again threatened by fire Sunday night, when the George Cox & Son livery barn on South Fayette street, was almost entirely destroyed by flames, and adjoining buildings were damaged and for a time the flying fire brands dropped throughout the residence district on Court street, Washington and Columbus avenues and adjoining territory.

The total damage done by the fire is estimated at \$12,000 to \$15,000, with Cox & Son sustaining fully three-fourths of the loss, with about two-thirds of the loss or less, covered by insurance.

For a time, while the flames were at their worst, Memorial hall and other buildings on Court street appeared doomed, as well as the Gossard Garage building south of the livery barn, but the new motor fire engine demonstrated its value and what threatened to become a general conflagration was confined chiefly to the livery barn.

FIRE DISCOVERED 10:20.

An employee of the barn discovered the fire about 10:20 p. m., and a few moments later Mr. Chas. Brown, proprietor of the Arlington hotel turned in the fire alarm, experiencing some difficulty in the attempt.

Within a few moments after the alarm was turned in the fire department responded, and the warning notes of the fire bell were quickly followed by the appearance of the department, ready for the stiff work which lay before them.

HORSES TURNED LOOSE.

While this was taking place employees of the barn, Mr. Brown and others were busy freeing the 25 horses in the barn. Halters were cut and the animals driven from the burning building. It was exciting work, but every horse was finally driven from the structure and the work of removing vehicles on the first floor was taken up, and nearly all private vehicles kept in the structure were removed to a place of safety.

The blaze had started in the hay-loft, and spread rapidly. Coals were falling through the floor when the blaze was discovered. No one had been in the hay-loft, so far as known, for sometime previous to the discovery of the blaze.

HARD FIGHTING.

When the fire department arrived the flames and dense smoke poured

mail. Their work has been widely commended.

GARAGE DAMAGED.

Meanwhile the interior of the Gossard Garage was full of excitement. When it appeared that the building was doomed, the work of removing automobiles was taken up, and many machines were rushed into the street to a place of safety. Several were removed from the second floor and the work continued until the elevator stuck.

Virtually every window on the north side of the Gossard Garage building was burned out, and the woodwork charred. Constant work prevented the building being gutted.

Damage to the structure is estimated by Mr. Inskip at \$500 to \$600 and is due principally to the necessary use of water which saturated the building.

Mr. Gossard's loss was small.

BUILDING IN RUINS.

It was after long and hard work that the flames were reduced to a point where there was no longer any danger of igniting other buildings. The work of the fire department was praised by onlookers. It was after much hard fighting that the flames

announced Monday morning. Just what will be the nature of the new building has not been planned. It will probably be necessary to rebuild most of the walls.

MEMORIAL BUILDING DAMAGED.

The damage to the Memorial Hall building was comparatively light. Many windows were broken out by the intense heat, and the woodwork scorched. The damage will probably not exceed \$50 to \$75. It was necessary to keep someone in the various portions of the building to prevent the flames spreading inside the building.

Smoke in great volumes poured from the front of Memorial hall building and other structures on Court street.

C. A. CAVE LOSES \$150.

The C. A. Cave building just across the alley back of the barn, was damaged about \$150. Much of the roof was burned off and the interior of the shop damaged.

NOTES ON THE FIRE.

Many citizens were kept busy extinguishing firebrands which fell in showers several squares away from the scene of the conflagration.

The Citizen Telephone company lost some 200 feet of cable and several dozen phones were put out of commission.

Electric light wires threatened to injure bystanders, until given proper attention.

A large crowd collected to watch the fire and the work of extinguishing it. Many citizens were in rather scant attire.

From a distance of several squares it appeared that the entire heart of the city was doomed, and for this

George Cox & Son Livery Barn, Almost Completely Destroyed by Fire Last Night, Will be Rebuilt Without Delay

finally gave way to the streams of reason many business men rushed water pouring upon them.

25 VEHICLES BURN.

The livery barn, which was owned by Mr. Cox and son, Martin, was left a mass of ruins, with the exception of the front portion, which was constructed of brick. The walls were cracked and damaged so that much of the walls must be rebuilt. The rear portion, framework covered with galvanized iron, was wiped out, and 25 vehicles, including practically

every livery rig in the barn, went up in smoke. These rigs were kept on the second floor, and could not be removed in time to escape the flames. The loss which Mr. Cox and son sustained is placed at upward of \$12,000, and the insurance is between one-half and two-thirds of this amount.

WILL REBUILD.

Mr. Cox plans to rebuild the structure and will begin the work within a very short time, according to an

hurriedly up street to ascertain the extent of the conflagration.

That the motor fire engine more than paid for itself is the consensus of opinion among those who witnessed the fire fighting.

It required hard work to prevent some of the horses from rushing back into the burning building. One horse was driven out the third time before it remained in the street. The animals were found all over the city and on nearby country roads Monday morning.

The report that a man perished in the flames has not been confirmed. It was thought that a man probably slipped into the building to sleep in the hay loft and sparks from a cigar or pipe caused the fire.

Some five or six years ago the barn, then under the management of Harry Baker, caught fire in much the same manner as Sunday night, and was badly damaged.

WANT CHECK.

Mr. Cox plans to rebuild the structure and will begin the work within a very short time, according to an

HAIRBREADTH ESCAPE OF A \$75 CHECK

It happened in a local dry cleaning establishment Saturday afternoon. The man at the tub gingerly lifted a pair of trousers from a pile of miscellaneous clothing and for an instant held them poised above the tub before consigning them to the seething suds. A jerk, imperative ring from a telephone nearby attracted him. Another sharp summons from the phone suggested that he hurry to receive its message. He dropped the trousers. They caught on the edge of the tub and hung there, the lower half immersed in the boiling water. The man strode quickly to the phone and adjusted the receiver to his ear.

"Hello—hello—hello, there," came a faint but plainly agitated voice from the other end of the wire. "Is this the dry cleaning establishment?"

"Yes sir."

"Well, this is the Cherry hotel. You have a pair of trousers belonging to a Mr. Gorman, a patron of ours, haven't you?"

"I think so—yes."

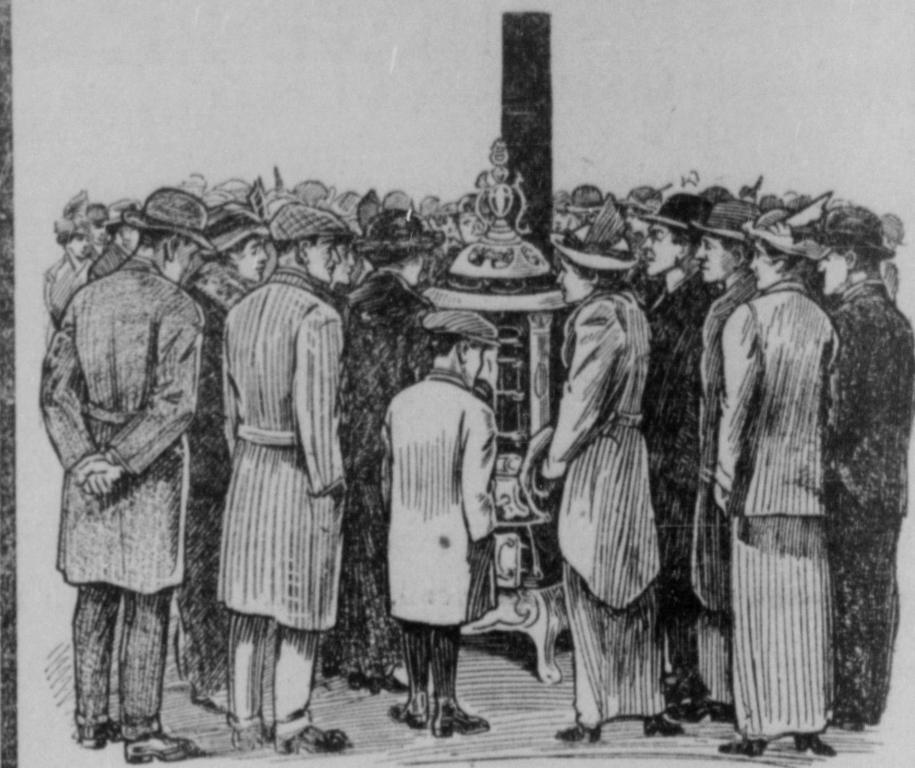

"Well, he just called up from Circleville saying that he had left a

check for \$75 in one of the pockets. Will you look for it? He is quite worried."

The man said that he would and returning to the pile of clothing instituted a minute search for the er-

GREAT DEMONSTRATION

Aug. 19, 20, 21, at
Fair Grounds

Yes, on the walk in front of our store

Wednesday, Thursday, Friday,

we will prove to you and your neighbors that the King Clermont Heater does everything we claim it will do.

We want you to be in the audience even though you may not need a heater at this time. We want you to see for yourself this real merit test of the

King Clermont Triple Flue, Hot Blast, Air Tight

*The Heater That Burns Any and All
Of The Cheapest Kinds of Fuel*

Burns anything with marvelous results. It is so constructed that it delivers to your rooms every degree of heat generated by the fire and is every bit as clean in use as a hard coal heater. Come and learn why no heat escapes up the smoke-pipe with the KING CLERMONT.

During these days we have arranged with the Gem City Stove Co., of Dayton, O., to have an expert stove man to demonstrate and fire a KING CLERMONT HEATER out in the open air to prove to you and your neighbors that the KING CLERMONT does everything they claim it will do.

By all means do not fail to attend this demonstration, so that when you get ready to buy a stove you'll be able to select the stove that will save you time, work and fuel cost.

WE'LL EXPECT YOU

FAYETTE IS DIVIDED INTO FOUR DISTRICTS

County Board of Education Holds Lengthy Session Saturday Afternoon and County is Districted.

BUCK RUN TROUBLE REMAINS UNDECIDED

Greenfield Board of Education Presents Claim to Buck Run District -Division Made After Examining Closely Into Conditions Throughout County.

At a session of the County Board of Education, held in the Law Library room at the court house Saturday afternoon, the board took up the matter of districting the county, bearing the Greenfield Board of Education regarding the Buck Run district, and discussed Fayette school matters generally.

After four hours' work resolutions were adopted adding certain districts to the various township, and then dividing the county into four supervision districts. The various township boards will meet within a short time and employ a division superintendent for each of the four districts.

After much discussion on the Buck Run district becoming a part of the Greenfield school district, the matter was left unchanged, no action being taken. Some of the members hold to the opinion that the matter was settled before the board came into existence, but protested against permitting any territory to become the part of a district in another county.

The resolutions adopted are as follows:

Be it resolved, First that all the territory lying within and comprising districts number ten and number six and number nine lying in Paint township, be and hereby is transferred and annexed to the Jefferson township school district for all school purposes.

Second: That all the territory lying within and comprising the school known as the Rattlesnake school, number nine and the Mallow school

district No. 2 and the Sunflower district No. 13, and the Jasper district number 1, and Jasper township be and hereby are transferred to Concord township for all school purposes.

Third: That all the territory lying within and comprising the school known as the Roberts school number two, and the Marks school number 21 in Union township, be and hereby are transferred and annexed to Concord township for all school purposes.

Fourth: That all the territory lying within and comprising the school known as the Hugh Stewart district number 11 in Union township, be and hereby is transferred and annexed to the Bloomingburg school district of Paint township for all school purposes.

District Number 1.

Fifth: That Jefferson and Jasper school districts, and that Jeffersonville and Milledgeville school districts be and hereby are made a supervision district known as Supervision District No. 1, and containing 36 teachers.

District No. 2.

Sixth: That Paint township and Madison township school districts and Bloomingburg village be and hereby are made a supervision district to be known as Supervision District No. 2 and containing 26 teachers.

District No. 3.

Seventh: That Union township, Marion township and Wayne township be and hereby are made a supervision district known as Supervision District No. 3, containing 33 teachers.

District No. 4.

Eighth: That Concord township, Green township and Perry township be and hereby are made a supervision district known as Supervision District No. 4, and containing 26 teachers.

(Signed).

In Social Circles

In compliment to their guests, Mrs. Harry Conner and daughter, Miss Rose, of Milford Center, Mrs. J. Austin Tway and daughter, Miss Eva, entertained with a charming afternoon Kensington. The beautiful and perfectly kept grounds of the Children's Home were so attractive that the guests spent the greater part of the afternoon out doors.

Delicious refreshments, fragrant flowers and the always cordial hospitality of the hostess contributed to the pleasure of the affair.

The society event of the week will be the Elks' midsummer dance, to be held at the Elks' hall Thursday.

It is expected that there will be a very large attendance of young society people from neighboring towns as well as of local circles.

The social session committee of the Elks, Messrs. Will Campbell, Sylvia Leary and D. H. C. Bowen are perfecting arrangements for a thoroughly delightful dance.

Horstman's trio will furnish the music.

WESLEY CHAPEL MITE SOCIETY.
Please notice the change. The meeting will be postponed this week until Wednesday, August 26th.

Family washing 6c a pound. All flat pieces ironed at Larrimer Laundry Co.

GERMANY DRAWS JAP ULTIMATUM

Kaiser Must Disarm In Far East.

GIVEN WEEK OF GRACE

Declaration of War Almost Certain to Follow.

UNCLE SAM DEEPLY CONCERNED

Mikado Demands the Withdrawal or Dismantling of German Warships Now in Oriental Waters and the Evacuation of Kiao-Chau, a German Colony in China—Step Regarded With Apprehension at Washington. War Zone Likely to Spread.

Tokyo, Aug. 17.—The Japanese government sent an ultimatum to Germany demanding that German warships in the far east be withdrawn or dismantled and that the German leased colony of Kiao-chow be surrendered.

The ultimatum expires next Sunday, giving Germany one week in which to send her reply to the Tokyo government. If Germany within this week of grace does not accede to the Japanese demand the Japanese government will take such steps as it sees fit. The fact that the Japanese fleet left Japan some days ago for an unannounced destination and that a considerable body of Japanese troops have been on transports awaiting an order to sail for a similar length of time, indicates that Japan is prepared to use such force as may be necessary to enforce her demands.

The sending of the ultimatum to Germany was announced Sunday. At the same time Takaaki Kato, Japanese minister of foreign affairs, after a conference with George W. Guthrie, the American ambassador at Tokyo, issued a statement which was intended to allay any apprehensions on the part of the United States government and people regarding Japan's intentions. The statement in broad terms assured the United States that American interests in the far east would be safeguarded by Japan and that Japan would uphold the integrity of China.

Japan's ultimatum is in the first instance a fulfillment of her part in the

MAY EMBROIL UNITED STATES

Washington, Aug. 17.—There is no doubt that Washington views the ominous outlook in the far east with extreme gravity and considers the prospect opened up by the reported action of Japan as quite as serious, if not the most serious, event that has as yet occurred in regard to the interests of the United States. It would occasion no surprise here if it were found that the reported intentions of Japan were the cause of the United States government moving actively in the situation and becoming a participant in the discussion which must necessarily ensue.

Ambassador Chinda had a conference with Secretary Bryan, about which the most absolute secrecy is maintained. It was followed later by a visit of the Russian ambassador to the state department.

If the United States takes any step looking toward either the prevention of hostilities in the far east or toward the preservation of Chinese neutrality and territorial integrity, it is considered probable that the issue will be virtually decided in London. It is taken for granted here that every movement on the part of the Japanese is being made at the inspiration and request of the London foreign office.

Of near concern to the United States is the thought of what Japan may choose to do in the Pacific. Germany has three groups of islands in the Pacific. She shares the Samous with the United States and has considerable holdings in the Caroline and Pelew islands, the latter two groups being on a line between Hawaii and the Philippines. Japan could take all these island possessions from Germany with the greatest ease. The only question is whether she cares to extend her possessions in the opposite direction from her chief interests—Corea, Manchuria and China.

ITALY RESTS ON BALANCE

London, Aug. 17.—The spreading of the war zone, which it is believed will be the inevitable outcome of Japan's ultimatum to Germany, in the view of some English experts, is likely to be followed by an open break in the already tensely drawn situation between Austria and Italy.

Should this break come, in the opinion of these observers, it would mean in the present situation the speedy crumbling of Austria's power and the complete isolation of Germany. With no outside help and with her navy bottled up, her commerce destroyed, her far eastern trade and possessions gone, the experts say it would mean that the present war would be brought to an early end even should the German arms win some victories in Belgium and France.

The tension between Italy and Austria at present may be gauged by the fact that 1,000 Italians are leaving France immediately in answer to a mobilization order.

TURK SEIZURES

Athens, Aug. 17.—Reports received here say that Turkey is requisitioning cargoes of all steamships in Turkish waters without regard to their nationality. The purchase by Turkey of the German cruisers Goeben and Breslau has caused much apprehension here.

SUMMON SHIPPERS OF FOOD

Chicago, Aug. 17.—Summons are issued for twenty-four persons following the receipts of reports by District Attorney James H. Wilkerson from investigators for the department of justice which alleged that 10,000,000 pounds of meat have been shipped out of Chicago and rushed over the Canadian border since the European war began; that two trainloads of provisions billed to the British government leave Chicago nightly, and that thousands of pounds of supplies have been sent to New York, where they are now being held pending arrangements for transportation to foreign nations. The reports created a sensation here. Mr. Wilkerson said that the witnesses would be asked to appear at once and will be questioned on every phase of the food situation. Those who will appear are wholesalers, retailers and warehousemen.

NINE IN OIL FIRE

Three Dead and Others Badly Burned In Ohio Town.

McConnelsville, O., Aug. 17.—Some one struck a match at the Walker garage after the top of a can of gasoline had been taken off so it could be emptied, and in the explosion which followed one garage worker, Edward Sheets, thirty-five, was instantly killed, eight others were hurt, two of whom died later, and four buildings were wrecked, causing a loss of approximately \$20,000.

The dead: Edward Sheets and Chester and Frank Walker, garage owners.

The fatally injured: "Mrs. James Chappelar, Malta; Mrs. Henry Rardon, Malta; Frank Bartlett, ten, a spectator. Seriously burned: Ernest Ridgely, James Chappelar, Chappelar's little baby."

Frank Walker, one of the owners, said the top of the gasoline tank had just been taken off when somebody in the crowd struck a match, and this caused the explosion. A few minutes later only the front wall of the garage was standing and the flames had spread to the Charles Johnson home, which burned to the ground. The Braastad Beckett building, containing a grocery and three apartments, was totally destroyed, and the Virgil Van Horn blacksmith shop was partially destroyed.

BOMBARD RUSSIA

London, Aug. 17.—Reuter's has a dispatch from St. Petersburg saying that it is officially announced that two German destroyers have bombarded Polangen, in the province of Courland, on the Baltic. No damage was done by the bombardment, according to the official report.

MUNICIPAL PLANT

Dayton, Aug. 17.—An initiative petition asking for a vote on the municipal light and power plant were put in circulation today.

Why People

ARE PLEASED TO DO BUSINESS WITH THE BUCKEYE STATE BUILDING AND LOAN CO.

1. Centrally located.
2. In Rankin building, 22 West Gay street, Columbus, O.
3. Convenient hours, 8 a. m. to 3 p. m., except closes at noon on Saturdays.
4. Officers and employees are courteous to customers.
5. And very faithful in the discharge of their duties.
6. The Buckeye is safe and conservative.
7. Assets \$7,700,000. Five per cent paid on time deposits.

Paris Playhouses.

The receipts for the theaters and music halls of Paris have just been published. These statements are required by law in view of the poor relief tax levied on these earnings. The figures, states the Paris correspondent of the London Times, have never been as high as they are for last year—nearly \$13,383,000. They exceed by \$583,000 the record established in 1912 and by \$1,946,000 the returns for 1911. The increase is due principally to the takings of cinematograph shows. These establishments in 1913 earned \$1,655,000 as compared with \$1,314,000 the year before.

I am in a position to make definite terms on loans than at any time in years. Am loaning money in Fayette, Ross, Pickaway, Madison and Clark counties. MUST BE A REASON. Don't close a loan until you see me and know why they money of me.

FRENCH SUCCESS IS BEING CLAIMED

Paris, Aug. 17.—The French forces advancing on Blamont and Cirey, on the border of the department of Muerthe et Moselle, to the east of Lunéville, were confronted by an Austrian army corps which was holding the towns. The French were entirely successful. They carried Blamont at the point of the bayonet. The French army, which is operating from the heights of the Vosges, also continued its advance, retaking the town of Thann, in Alsace and capturing General Von Delfming, commander of the Fifteenth German army corps. Two French army airmen on a reconnoitering flight from Verdun flew over the Zeppelin hangars and dropped two bombs on the hangars, doing much damage. They drew the German fire repeatedly, but escaped unharmed.

Citrolax!
Citrolax!
CITROLAX!
It's a laxative, of course—and the nicest hot weather drink you ever tasted. Flushes thoroughly, and pleasantly, too. F. C. Cryslar, Syracuse, N. Y., says: "Have used laxatives for 15 years but this Citrolax has got everything else beat a mile." Try it. Blackmer & Tanquary, adv.

ANNUAL PICNIC

The contest between T. P. Sites and John McDonald, each of whom received the same number of votes for Democratic Central Committee man in the Fourth ward, A., was settled Monday afternoon, when the question was settled by a toss-up, which resulted in Sites being declared winner.

The men had received nine votes each, with four ballots with the name of Sites written in, but no cross had been made before the four names.

AMERICAN DIPLOMATS IN EUROPE STRIVE TO AID ALL TRAVELERS.

These are the three American ambassadors in Europe who hold important and trying positions because of the general war. Myron T. Herrick the retiring ambassador to France, who was to have sailed home on August 6, remained in Paris. He was particularly concerned over the hardships endured by American travelers. James W. Gerard, ambassador to Germany, is in the thick of perplexities over the fact that the kaiser ordered that no foreigners should leave the country. George T. Marie, the new ambassador to Russia, had hardly reached his new post before the war broke out.

1 HERRICK—2 MARYE—3 GERARD

STILL TREATING FREE OF CHARGE

The veterinarians under Dr. Salt, who are at work in the war to eradicate hog cholera from Fayette county, are still treating animals free of all charge, other than necessary to employ help to handle the porkers.

As originally announced, only swine infected or exposed to infection, are given treatment free of charge. This includes all herds where there is reason to believe danger of cholera exists.

It has been reported that some unknown parties have been circulating the report that free treatment of infected herds has been abolished. Beware of feeding too much new corn before the hogs are "seasoned" to the new corn, is an order issued by Dr. Salt. A hog fed on new corn loses

some of its normal resistance to disease, and renders the animal more liable to infection.

T. P. SITES WINS FOR COMMITTEEMAN

The contest between T. P. Sites and John McDonald, each of whom received the same number of votes for Democratic Central Committee man in the Fourth ward, A., was settled Monday afternoon, when the question was settled by a toss-up, which resulted in Sites being declared winner.

The men had received nine votes each, with four ballots with the name of Sites written in, but no cross had been made before the four names.

FIFTH VICTIM OF EXPLOSION

By Associated Press.

McConnellsburg, O., August 17.—Mrs. Leonard Raredon, of near Malta, one of the victims of the gasoline explosion here yesterday, died at 7 o'clock this morning. This makes a total of five deaths and others may be claimed before night. Mrs. James Chappelar cannot survive the day. The condition of Ernest Ridgley is also hopeless. The others will recover. The dead are: Chester and Frank Walker, Edward Sheets, Frank Bartlett and Mrs. Leonard Raredon.

It would surprise you if you knew the number of people that stop in Duffee's shoe shop every day to have their shoes repaired while they wait and Duffee finishes his work with hot steel, not hot air. Sewed soles for men 75c; ladies 50c; rubber heels 30c.

Duffee, the modern shoemaker, first door below Adams Express office 193 6t

THUGS SHOOT ANOTHER COP

By Associated Press.

Chicago, August 17.—Geo. Trumbull, the second policeman killed in the old segregated district within a month, was shot to death early today.

Dr. Fred Morris who recently opened a veterinary office in the Cox Avery barn, lost his entire equipment of instruments, drugs, books and notes.

The loss is a severe one, with not one cent of insurance. Dr. Morris opened his office just a few weeks ago

BANKS CLOSE

All banks in the city will close Wednesday and Thursday afternoons of this week.

The banks close at 12 noon each of the two days, and remain closed the remainder of the day. The usual midweek holiday will be observed, and Thursday afternoon will also be devoted to the county fair.

PURSE FOUND

A woman's purse, or handbag, containing a handkerchief, 27 cents in change and four valuable papers, including three notes for \$307, has been placed in the hands of Chief Moore.

The purse is evidently the property of Mary Alice Emmitt, of Waverly, Ohio.

ANNUAL PICNIC

The annual picnic of the West Holland M. E. Circuit will be held at Oak Chapel, Wednesday, August 26th, with the Sunday schools of Oak Chapel, Otterbein, Dublin Hill, Waterloo, Maple Grove and Camp Grove participating.

A picnic dinner will be held and an interesting program rendered.

Ten Cents a Week

Japan's Activities in Far East
Causing U. S. Little ConcernUltimatum Sent to Germany Overshadows
All War Developments in Washington,
and Wilson and Bryan Earnestly Con-
fer.UNITED STATES DETERMINED
TO AVOID BEING DRAWN INPresident Refuses to Discuss Japan's De-
mands on Kaiser, But Sees No Reason
to Doubt the Good Faith in the Jap
Promise to Observe Integrity of China.

By Associated Press.

Washington, Aug. 17.—President Wilson declared today that he had no German fleet in check in the North reason to question the good faith of Japan in promising to observe the integrity of China in connection with the Japanese ultimatum to Germany demanding the surrender of Kiau Chau to the Japanese government.

The President would not discuss the ultimatum, saying that one of the duties of a neutral country is to give no opinion of what other nations are doing.

Secretary of State Bryan was at the White House early this morning, supposedly in connection with Japan's ultimatum. Both the President and Mr. Bryan refused to discuss the visit.

Washington, Aug. 17.—Japan's ultimatum to the Berlin government demanding that Germany withdraw from Kiau Chau, its stronghold in China, overshadowed in Washington today all developments growing out of the war in Europe. One outstanding feature of the crisis was the determination of the United States not to be drawn into the controversy. Administration officials look upon it as an issue strictly between Japan and Germany.

Secretary Bryan was assured by Baron Chinda, the Japanese ambassador, that the Tokio government would exercise utmost care to safeguard the interests of the United States and other countries not immediately involved during the settlement of the issue. Baron Chinda presented a note from his government which comprised the announcement of the ultimatum and a statement of Japan's intention to restore Kiau Chau to China.

Germany took the territory from China after the killing of several German missionaries sixteen years ago. Since the German fleet sailed into Kiau Chau harbor sixteen years ago and claimed the territory as indemnity for alleged attacks on German missionaries, Japan's avowed intention has been to restore it to her oriental neighbor.

Washington, August 17.—A resolution directing Secretary of State Bryan to protest against the announced intention of Japan to take over the German leased territory of Kiau Chau, China, was introduced in the House today by Representative Britton, of Illinois.

By Associated Press.

The censorship put into effect by the British authorities over the movement of her armed forces afloat and in Belgian is effective to a remarkable degree.

Not one word of news has come through for several days past concerning British military or naval activities.

Censored dispatches from Brussels and Paris have frequently referred to the presence of the British troops arrayed against the forces of Germany, but not one word has been allowed to come through from any source to indicate the numerical strength of the British field army or where the unit may be located. Equal secrecy

battleship, Zrinyi, and three other ships, whose names could not be learned, were sunk by the French fleet. A great number of French and English warships are said to be patrolling the coast.

RUSSIA
BEHIND

By Associated Press.

Washington, Aug. 17.—Germany has acknowledged receipt of President Wilson's offer of good offices in mediation or arbitration. All of the warring countries except Russia have now replied.

CHASE AUSTRIANS
FROM OPEN SEAS

By Associated Press.

London, Aug. 17.—A dispatch from Rome to the Exchange Telegraph Company says it is reported from Ancona that four British battleships chased the Austrian cruisers Aurora and Szigetvar, which were blockading Antivari. The Austrian vessels were pursued until they took refuge in the naval station of Pola.

AMERICAN
REGISTRY
PROVIDED

By Associated Press.

Washington, August 17.—By a vote of 40 to 20 the Senate today rejected the conference report on the Shipping bill to admit foreign built ships to American registry and proposing to open the coastwise trade to foreign craft. The House bill then was adopted by the same vote. It extends American registry to all foreign built ships. The bill now goes to President Wilson for approval. It is believed he will sign it.

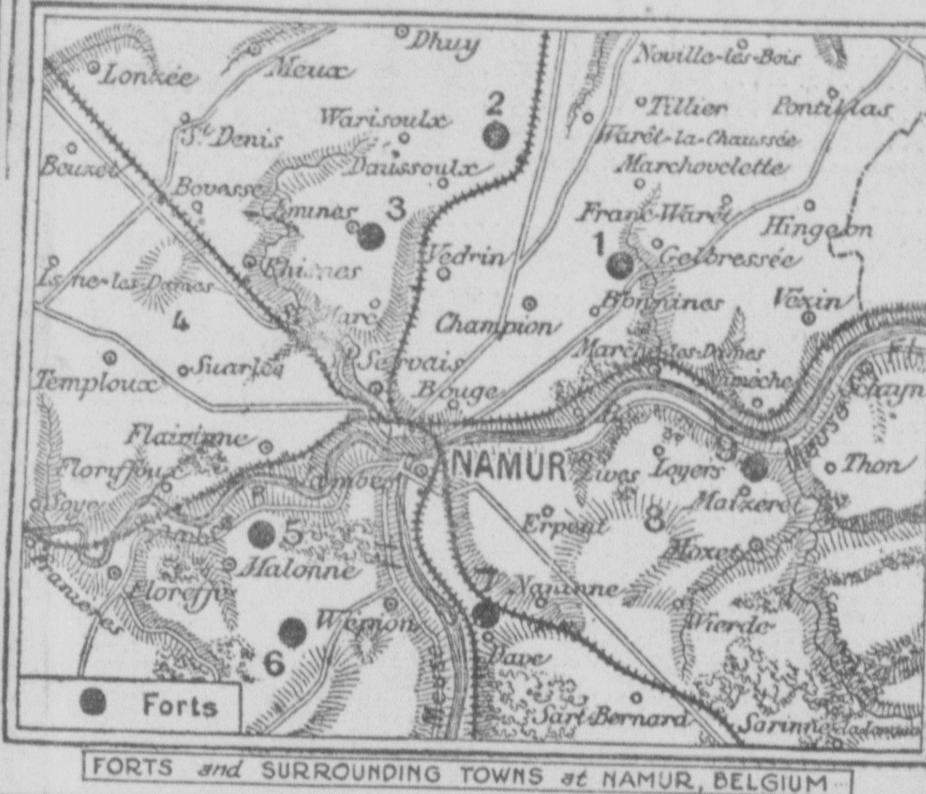

HEAD OF SERVIAN ARMY

General Putnik, commander-in-chief of the Servian army.

MAP SHOWING FORTS AT
NAMUR, BELGIUM, WHICH WILL
BE STORMED BY GERMANS

Belgian and French soldiers prepared to defend the city of Namur, Belgium, against the attack of the Germans. It is one of the best fortified places in the little war scarred kingdom, and when it is attacked a long, bloody siege is expected. The principal fort is located on high rocks overlooking the Meuse and Sambre rivers, at the junction of which the city is located. The position of the forts is indicated on this map.

FORTS AND SURROUNDING TOWNS AT NAMUR, BELGIUM.

GREECE PREPARES
TO STRIKE TURKEYOfficial Report That Turkish Troops
Have Started on March Through
Bulgaria to Greece Indicates Spread
of War Zone.IF CONFIRMED
MEANS TROUBLEFrench Take Another German Town,
1,000 Prisoners and Spoils—Allied
Onslaught Does Great Damage—
Abandoned German Trenches Filled
With Dead and Dying—Censorship
Galling.

By Associated Press.

London, August 17th.—Official dispatches say that Greece has received official information that Turkish troops have crossed into Bulgarian territory and are marching in the direction of Greece. The Hellenic government, in consequence of these reports, has notified Turkey that if this news is confirmed corresponding naval and military measures will be taken immediately by Greece.

London, Aug. 17.—A dispatch from Paris to the Havas Agency says French troops have occupied the town of Schirmeck, twelve kilometers beyond Sales, in Alsace. They took 12 field guns, 12 caissons and 8 rapid fire guns. The French cavalry then pushed on to Mulbach and Lutzenhausen.

London, Aug. 17.—The official press bureau issued a statement today that French troops, in the course of a rapid advance along the valley of the Schirmeck, has taken a thousand prisoners, the scene of the fighting during the last few days in upper Alsace.

The official announcement shows the great destructive effect of the fire of the allied artillery. Trenches abandoned by the enemy are filled with dead and wounded.

PLANS MADE
TO PREVENT
SPECULATION

By Associated Press.

New York, August 17.—Plans to stop speculation, which is said to have much to do with the increasing price of food, were perfected today at a meeting of the executive board of the Mayor's commission of 133, appointed last week to aid county and federal officers in their investigations of the causes of the upward trend of food prices. In the Long Island City section of Brooklyn disorder occurred yesterday at meat markets and grocery stores where credit was refused to persons thrown out of work on account of the war closing plants where they were employed.

RECEIPTS
\$25,000
PER DAY

By Associated Press.

Panama, August 17.—The sum of \$25,000 was taken in yesterday in tolls by the Panama canal which was officially opened Saturday, August 15. Three steamers already today are going through the waterway and four more probably will start before nightfall. The total receipts in canal tolls up to the present time amount to \$100,000. Of this sum \$25,000 was collected from the barge line which has been using the waterway for some weeks. The balance has been obtained from commercial steamers.

BANK BANDITS

Pittsburg, August 17.—Two men entered the Homestead National bank today, covered officers with revolvers, took all available cash and fled, escaping in an automobile.

BULLETINS

By Associated Press.

London, August 17.—A dispatch from Amsterdam to the Central News says that the captain of the Dutch steamer Epsilon, on his arrival at Ymuiden reported seeing a German dreadnaught in the harbor at Trondhjem which had been put out of action. Her funnels were smashed and on one side she was scarred with holes from shell fire. No confirmation of the report has reached the official news bureau here.

PATROLS UNITED
STATES COAST

By Associated Press.

San Francisco, Aug. 17.—The German cruiser Leipzig, which, stripped for action, has been patrolling the coast of this harbor for the last week, entered San Francisco Bay early today and anchored just outside the Golden Gate. Her officers sent word ashore of a desire to confer with the German counsel.

GERMAN CROWN PRINCE

London, August 17.—No official confirmation of a reported French naval success over the Austrians in the Adriatic had been received.

London, August 17.—Henry S. Breckenridge, assistant secretary of war of the United States, announced that he would place \$200,000 for the relief of Americans. Mr. Breckenridge intends to leave Falmouth for Rotterdam on board the United States cruiser, Tennessee. He hopes to reach Germany by this route.

The North Carolina will proceed to Cherbourg when Major Chas. A. Heddin will take charge of the relief work in France.

London, August 17.—The British Official News Bureau today says: "The French fleet in the Mediterranean has made a sweep up the Adriatic Sea as far as Cattaro. A small Austrian cruiser of the Aspasia type, 2363 tons, was fired on by the French vessels and sunk."

London, August 17.—A Brussels dispatch to the Exchange Telegraph Company says the French casualties in the fighting between Namur and Dinant were heavy as the Germans were strongly entrenched and their artillery at the outset played great havoc with the French.

VILLA IS A PUZZLE

at last a fact. The minister was of the opinion that the new government would be set up at once.

The only cloud on the horizon is General Villa. There remains much uncertainty as to his future attitude toward the new powers in Mexico City. While it is maintained confidently in high American quarters that Villa will give no trouble to Carranza, the fact is that the administration has no positive assurances on this subject.

General Obregon stated that not a single act of depredation was committed by any of his men upon their entry into the capital.

IN THE STEERAGE

Columbus, Aug. 17.—Declaring that he embarked from Liverpool with several others as steerage passengers, Samuel P. Bush, millionaire head of a local steel castings company, cabled to Governor Cox asking him to endeavor to arrange for embarkation at a special pier instead of Ellis Island. The cablegram failed to give any details of the plight of the Americans.

Boost Washington—Buy At Home.

NO WAR LOAN

New York, Aug. 17.—It is safe to say that there will be no war loan made by any banking house of this country to any one of the belligerent nations of Europe. In a word, America's money will not cross the seas to help the fighting nations to wreck themselves or each other to a greater extent than their own resources will permit. The house of J. P. Morgan put itself on record to this effect. It did so through Mr. Morgan himself. He said that President Wilson's opposition to any war loans, as made known through the secretary of state, had decided his firm to drop negotiations with intermediaries acting in behalf of the French government.

HIT BY TRAIN

Youngstown, O., Aug. 17.—Two were killed and five others injured when an automobile truck was struck by a fast Erie train at Leavittsburg, O. Dead: Henry Seifert, Youngstown; Frederick Ross, Youngstown.

TWO MEN KILLED

Cincinnati, Aug. 17.—Two men were killed, two were seriously injured and 15 cars filled with coal were overturned in a wreck on the Norfolk and Western railroad near Perrintown. The dead: Harold Ellis, fifty, Williamsburg; unknown white man.

ANOTHER VIADUCT

Cleveland, Aug. 17.—A bond issue of \$5,000,000 for the construction of a third high level bridge, to be located midway between Superior and the Central viaducts, will be submitted to the voters of the county at the next election, Nov. 3.

Needed Airing.

"What's the matter with you?" demanded Borem hotly. "I've got a right to air my opinions, haven't I?"

"Oh, of course," replied Brightly. "They're so stale and musty they certainly need something of that sort."

Philadelphia Press.

WHISKY MEN ARE EXCITED

Cincinnati, Aug. 17.—The distillers of Cincinnati, the second largest whisky center of the country, are frantically trying to finance the release from bond of several million gallons of whisky before it is affected by the proposed increase of 50 cents per gallon tax.

Filling the Autocrat.

Why should wives complain when husbands read the morning paper at the breakfast table since reading makes a full man?—Little Rock Gazette.

Keep your Liver Active During the Summer Months—Foley Cathartic Tablets for Sluggish Liver and Constipation.

It does beat all how quickly Foley Cathartic Tablets liven your liver and overcome constipation. Ney Oldham, Wimberley, Texas, says: "Foley Cathartic Tablets are the best laxative I ever used. They take the place of calomel." Wholesome, stirring and cleansing. No griping. A comfort to stout persons. Blackmer & Tanquary, adv.

The New South

The South has been gradually creeping out of the shadows for the last fifty years. Torn and despoiled, by years of terrific conflict, she is just now beginning to feel the tingle of a genuine convalescence in her veins. With fine soil, fine climate and splendid people, it took a long time to renew her shattered sinews. Everything in the South was the same after the war as it was before, except the people and their institutions. They had the same climate, the same soil, the same rivers and harbors, the same genius among their people. There were not so many people, however, and their institutions were changed. It has taken half a century and lots of new blood and capital to bring them to the front. The North was badly crippled, practically bankrupt and greatly reduced in numbers, but her men went back to the same laws, the same government, the same institutions to which they had always been accustomed, ready and able to push herself to the highest pinnacle of commercial and industrial success. Every citizen taught to rely on himself, set cheerfully to work with full confidence in his ability to establish himself as a worthy and thrifty citizen.

In the South the prop had been taken away. Men were used to living in great style on extensive plantations, and having a race of people do their every bidding. Or they belonged to the "poor white trash" and were considerably lower in their social standing than the slave. When his negroes were taken from the planter he was almost helpless. With the best of land and endless opportunity, he was scarcely able to make a living. He only knew how to grow one or two things and was unable to do much at that through help he must secure at a price.

In many instances the landowner at the end of the war was without funds or equipment. Everything everywhere was in ruin and stagnation. The fields grew up in brush; the houses without repair, shattered about the heads of the tenants; fences became unknown; few crops were planted and those that were, were only half tended; the colored man set free was shiftless; there was no money; everything was in the worst conceivable condition for progress. But today there is a new South and the North will be obliged to keep moving if it holds its own in many of the lines it has so long regarded as its own. Regardless of what many of our farmers think, the natural resources of the South are as great as in any other part of our country. They have unlimited land as fertile as any on the globe; their climate is naturally better than it is farther north; they are getting the most energetic people assembled that the Anglo Saxon race can boast; when the Panama canal opens they will have direct and ready market with the east and west coasts of North and South America. The South is coming.

Talk Less About Uplift and Show More Efficiency In Office

By EUGENE LAMB RICHARDS, New York State Superintendent of Banks

THIS HAS BEEN THE ERA OF PUBLICITY. LET US MAKE IT THE ERA OF SINCERITY. LET US TALK LESS ABOUT UPLIFT AND SHOW MORE EFFICIENCY IN OFFICE. LET US CAMPAIGN AGAINST PUBLIC MEN WHO PREACH CIVIC RIGHTEOUSNESS ON SUNDAY NIGHT AND LET POLITICAL ADVANTAGE CORRUPT THEIR ACTIONS ON MONDAY MORNING. FOR THE MAN WHO ADVOCATES SOMETHING HE DOES NOT BELIEVE IN IS AS DISHONEST AS ONE WHO STEALS A HORSE OR FORGES A NOTE—AND A COWARD.

Most men in public life are afraid of the press, and many sincere ones shift from the right thing to the popular thing because of the bugaboos. "What will the papers say?" But no honest man need fear, no faithful official need shrink from the final judgment of the press, for sooner or later the newspapers, which are never fooled for long (if at all), will get the sincere man's measure. And the other kind of men— we must rid ourselves of these pussy footed statesmen by showing them as they are. We must uphold the real men and be real ourselves.

Poetry For Today

"GOD SAVE OUR KING."
God save our gracious king,
Long live our noble king,
God save the king!
Send him victorious,
Happy and glorious,
Long to reign over us.
God save the king!

O Lord our God, arise,
Scatter his enemies,
And make them fall.
Confound their politics,
Frustate their knavish tricks;
On Thee our hearts we fix.
God save us all!

Thy choicest gifts in store
On him be pleased to pour,
Long may he reign.
May he defend our laws,
And ever give us cause,
To sing with heart and voice,
God save the king!

Weather Report

Washington, August 17.—Ohio, Indiana and Lower Michigan—Unsettled; probably showers Monday and Tuesday.

Tennessee and Kentucky—Generally fair Monday and Tuesday.
West Virginia—Partly cloudy Monday; Tuesday showers.

Refuse a substitute preparation. Putnam's is sold by druggists everywhere. adv.

Played With Fire Balls.

For many centuries polo, or chancan as it was then called, was a favorite pastime with Asiatic rulers. A contemporary annalist records of Akbar the greatest of Mogul emperors, that "he plays at chancan on dark nights, the balls being set on fire. For the sake of adding splendor to the game his majesty has knobs of gold and silver fixed to the chancan sticks. If one of these breaks any player that gets hold of the pieces may keep them."

Good Advice.

"Young man," said the boss, "come hither and listen." He approached. "When you've made a mistake forget it and go on to the next job. Don't potter around all day adding a lot of finishing touches."—Louisville Courier-Journal.

"Now"

Back of your lens should be Ansco Film. It takes a quicker, clearer impression, makes a finer negative and more artistic pictures.

Have you seen the superior Ansco Cameras that open horizontally—the way you want to take nine-tenths of your pictures? All sizes and all prices here.

DESTROY ROBBERS

Twelve Men Dead In the Fight
In West Virginia Hills.

STOLEN MONEY RECOVERED

Five Desperadoes, All Italians, Sell Their Lives Dearly, Fighting Several Hundred Men For Many Hours From the Security of a Natural Fortress—Band Exterminated When Nitroglycerin Makes an Opening.

Devon, W. Va., Aug. 17.—In the wilds of Mingo county, West Virginia, a duel to the death was fought between a posse of more than 200 men and the bandits who on Friday slew three employees of the Glen Alum Fuel company and escaped with \$12,500. When the fight ended five Italians lay dead. They had sold their lives dearly and had fought since Saturday noon from the security of a natural fortress in the fastness of the north fork of Ben creek.

The deaths of these outlaws wiped out the gang and puts the toll of the tragedy at twelve dead and three wounded.

The dead: Dr. W. D. Amick, physician for the Glen Alum Fuel company; Joseph Shelor, head bookkeeper for the company; F. D. Johnson, Jr., head electrician for the company; John Belcher, former justice of the peace at North Fork, W. Va.; W. L. Burrell, a detective; John Tiller, member of the posse; unidentified Hungarian, a member of the posse; five bandits, all unidentified.

Bud Rutherford, suspected of being the only mountaineer who was with the desperadoes, was arrested and taken to Williamson under a strong guard.

The posse fought from the crags and from behind logs and trees. A rain of fire was poured at the little fort of the band of men who were hemmed in by the cordon of determined men. An occasional shot came from the bandits. This was an indication to the posse that they were short of ammunition and were determined to save the bullets for the last stand. Nitroglycerin was used to dislodge the desperadoes.

All of the money the men had stolen was recovered except about \$700.

The bodies of the slain possemen were removed here. Those of the bandits were left on the ground where they were killed. There was nothing in the possession of the men to establish their identity.

PRACTICAL HEALTH HINT.

Headache.

An American physician recently addressed a congress of doctors, in which meeting he condemned the use of medicine to quiet headaches without attempting to discover their cause.

Many forms of headache are susceptible of prompt relief or entire cure by timely and sensible regulation of the life of the patient, his habits, surroundings, influence of occupation and by the correction of diseases and disorders on which the headache depends. In these various ways may be influenced the headaches of indigestion, biliousness, and constipation, of cerebral over-work and emotional excitement, of isolation and eye strain, of many cases of debility, of bad ventilation, malaria and over-stimulation of various sorts, of uterine and ovarian disease and of chronic blood diseases.

Myrtle Wedding Wreaths.

On her wedding day the Danish peasant girl wears a simple crown of myrtle with her national costume—varying with the district, but always charming—and pots of myrtle are carefully cherished by girlish hands through the long winters in anticipation of the great event.

Is this outdoor sleeping arrangement you propose tentative?

"Oh, no. You can take a shack if you don't like the tents."—Baltimore American.

"Stay-at-Home" Sufferers of Hay Fever and Asthma—Get a Bottle of Foley's Honey and Tar Compound!

Restful sleep, relief and comfort from choking, gasping asthma and tormenting hay fever for those who take Foley's Honey and Tar. It spreads a healing soothing coating as it glides down a raw tickling throat, and stops irritating coughs and summer colds.—Blackmer & Tanquary.

COX LIVERY BARN DESTROYED BUSINESS CENTER THREATENED

Fierce Conflagration Last Night
Wipes Out Livery Barn,
Damages Memorial Hall, Gossard Garage and Cave Building, Causing Loss of \$12,000 to \$15,000.

FIRE PROBABLY KINDLED BY SPARKS FROM CIGAR OF SOME UNKNOWN MAN

Fire Fighters Work Heroically to Prevent
Destruction of Adjoining Buildings—
Gossard Garage Building Badly Damaged
—Postmaster Culhan Nearly Succumbs
to Heart Trouble.

Horses Given Freedom, Flee to All
Parts of City—Greatest Fire Since
Destruction of Memorial Hall and
Dahl-Millikan Block—Motor Fire
Engine Pays for Itself Several
Times Over.

The heart of the business district was again threatened by fire Sunday night, when the George Cox & Son livery barn on South Fayette street, was almost entirely destroyed by flames, and adjoining buildings were damaged and for a time the flying fire brands dropped throughout the residence district on Court street, Washington and Columbus avenues and adjoining territory.

The total damage done by the fire is estimated at \$12,000 to \$15,000, with Cox & Son sustaining fully three-fourths of the loss, with about two-thirds of the loss or less, covered by insurance.

For a time, while the flames were at their worst, Memorial hall and other buildings on Court street appeared doomed, as well as the Gossard Garage building south of the livery barn, but the new motor fire engine demonstrated its value and what threatened to become a general conflagration was confined chiefly to the livery barn.

FIRE DISCOVERED 10:20.

An employee of the barn discovered the fire about 10:20 p. m., and a few moments later Mr. Chas. Brown, proprietor of the Arlington hotel turned in the fire alarm, experiencing some difficulty in the attempt.

Within a few moments after the alarm was turned in the fire department responded, and the warning notes of the fire bell were quickly followed by the appearance of the department, ready for the stiff work which lay before them.

HORSES TURNED LOOSE.

While this was taking place employees of the barn, Mr. Brown and others were busy freeing the 25 horses in the barn. Halters were cut and the animals driven from the burning building. It was exciting work, but every horse was finally driven from the structure and the work of removing vehicles on the first floor was taken up, and nearly all private vehicles kept in the structure were removed to a place of safety.

The blaze had started in the hay-left, and spread rapidly. Coals were falling through the floor when the blaze was discovered. No one had been in the hay-loft, so far as known, for sometime previous to the discovery of the blaze.

HARD FIGHTING.

When the fire department arrived the flames and dense smoke poured

mail. Their work has been widely commended.

GARAGE DAMAGED.

Meanwhile the interior of the Gossard Garage was full of excitement. When it appeared that the building was doomed, the work of removing automobiles was taken up, and many machines were rushed into the street to a place of safety. Several were removed from the second floor and the work continued until the elevator stuck.

Virtually every window on the north side of the Gossard Garage building was burned out, and the woodwork charred. Constant work prevented the building being gutted.

Damage to the structure is estimated by Mr. Inskeep at \$500 to \$600 and is due principally to the necessary use of water which saturated the building.

Mr. Gossard's loss was small.

BUILDING IN RUINS.

It was after long and hard work that the flames were reduced to a point where there was no longer any danger of igniting other buildings. The work of the fire department was praised by onlookers. It was after it appeared that the entire heart of

much hard fighting that the flames the city was doomed, and for this

ouncement Monday morning. Just what will be the nature of the new building has not been planned. It will probably be necessary to rebuild most of the walls.

MEMORIAL BUILDING DAMAGED.

The damage to the Memorial Hall building was comparatively light. Many windows were broken out by the intense heat, and the woodwork scorched. The damage will probably not exceed \$50 to \$75. It was necessary to keep someone in the various portions of the building to prevent the flames spreading inside the building.

Smoke in great volumes poured from the front of Memorial Hall building and other structures on Court street.

C. A. CAVE LOSES \$150.

The C. A. Cave building just across the alley back of the barn, was damaged about \$150. Much of the roof was burned off and the interior of the shop damaged.

NOTES ON THE FIRE.

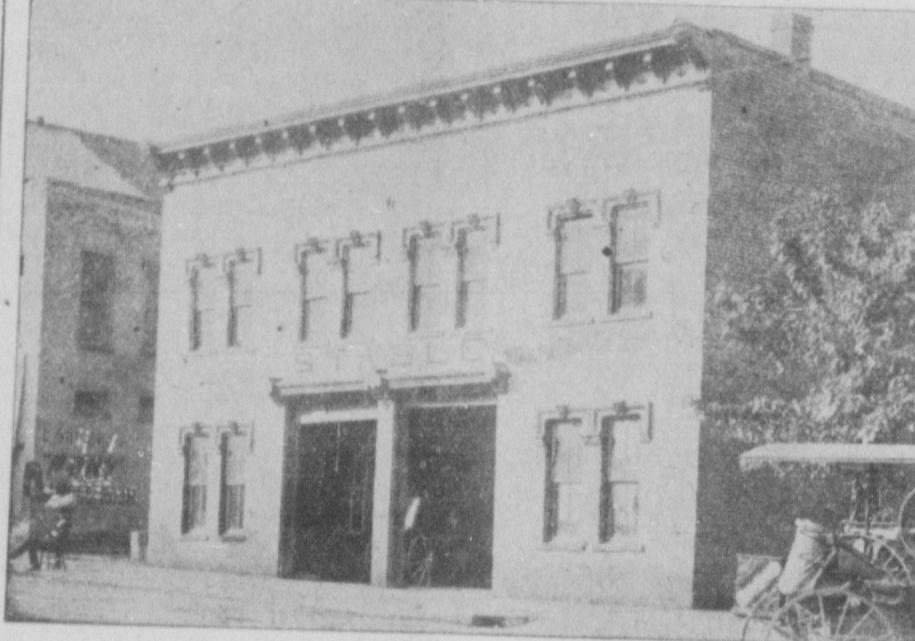

Many citizens were kept busy extinguishing firebrands which fell in showers several squares away from the scene of the conflagration.

The Citizen Telephone company lost some 200 feet of cable and several dozen phones were put out of commission.

Electric light wires threatened to injure bystanders, until given proper attention.

A large crowd collected to watch the fire and the work of extinguishing it. Many citizens were in rather scant attire.

From a distance of several squares away it appeared that the entire heart of the city was doomed, and for this

George Cox & Son Livery Barn, Almost Completely Destroyed by Fire Last Night, Will be Rebuilt Without Delay

finally gave way to the streams of reason many business men rushed hurriedly up street to ascertain the extent of the conflagration.

25 VEHICLES BURN.

The livery barn, which was owned by Mr. Cox and son, Martin, was left a mass of ruins, with the exception of the front portion, which was constructed of brick. The walls were cracked and damaged so that much of the walls must be rebuilt.

That the motor fire engine more than paid for itself is the consensus of opinion among those who witnessed the fire fighting.

It required hard work to prevent some of the horses from rushing back into the burning building.

One horse was driven out the third rear portion, framework covered with galvanized iron, was wiped out, and 25 vehicles, including practically

every livery rig in the barn, went up in smoke. These rigs were kept on

Monday morning.

It required hard work to prevent some of the horses from rushing back into the burning building.

One horse was driven out the third rear portion, framework covered with galvanized iron, was wiped out, and 25 vehicles, including practically

every livery rig in the barn, went up in smoke. These rigs were kept on

Monday morning.

The report that a man perished in the flames has not been confirmed.

It was thought that a man probably slipped into the building to sleep in the hay loft and sparks from a cigar or pipe caused the fire.

Some five or six years ago the barn, then under the management of Harry Baker, caught fire in much the same manner as Sunday night, and was badly damaged.

Mr. Cox plans to rebuild the structure and will begin the work within a very short time, according to an

HAIRBREADTH ESCAPE OF A \$75 CHECK

It happened in a local dry cleaning establishment Saturday afternoon. The man at the tub gingerly lifted a pair of trousers from a pile of miscellaneous clothing and for an instant held them poised above the tub before consigning them to the seething suds. A jerky, imperative ring from a telephone nearby attracted him. Another sharp summons from the phone suggested that he hurry to receive its message. He dropped the trousers. They caught on the edge of the tub and hung there, the lower half immersed in the boiling water. The man strode quickly to the phone and adjusted the receiver to his ear.

"Hello—hello—hello, there," came a faint but plainly agitated voice from the other end of the wire. "Is this the dry cleaning establishment?"

"Yes sir."

"Well, this is the Cherry hotel. You have a pair of trousers belonging to a Mr. Gorman, a patron of ours. Haven't you?"

"I think so—yes."

"Well, he just called up from Circleville saying that he had left a check for \$75 in one of the pockets. Will you look for it? He is quite worried."

The man said that he would return to the pile of clothing instituted a minute search for the er-

THE MILLION DOLLAR MYSTERY WEDNESDAY

Aug. 19th

FAYETTE IS DIVIDED INTO FOUR DISTRICTS

County Board of Education Holds Lengthy Session Saturday Afternoon and County is Districted.

BUCK RUN TROUBLE REMAINS UNDECIDED

Greenfield Board of Education Presents Claim to Buck Run District—Division Made After Examining Closely Into Conditions Throughout County.

At a session of the County Board of Education, held in the Law Library room at the court house Saturday afternoon, the board took up the matter of districting the county, hearing the Greenfield Board of Education regarding the Buck Run district, and discussed Fayette school matters generally.

After four hours' work resolutions were adopted adding certain districts to the various township, and then dividing the county into four supervision districts. The various township boards will meet within short time and employ a division superintendent for each of the four districts.

After much discussion on the Buck Run district becoming a part of the Greenfield school district, the matter was left unchanged, no action being taken. Some of the members hold to the opinion that the matter was settled before the board came into existence, but protested against permitting any territory to become the part of a district in another county.

The resolutions adopted are as follows:

First: That all the territory lying within and comprising districts number ten and number six and number nine lying in Paint township be ad hereby is transferred and annexed to the Jefferson township school district for all school purposes.

Second: That all the territory lying within and comprising the school known as the Rattlesnake school, number nine and the Mallow school

PERSONAL PARAGRAPHS

IN SOCIAL CIRCLES

In compliment to their guests, Mrs. Harry Conner and daughter, Miss Rose, of Milford Center, Mrs. J. Austin Twy and daughter, Miss Elsa, entertained with a charming afternoon Kensington. The beautiful and perfectly kept grounds of the Children's Home were so attractive that the guests spent the greater part of the afternoon out doors.

Delicious refreshments, fragrant flowers and the always cordial hospitality of the hostess contributed to the pleasure of the affair.

The society event of the week will be the Elks' midsummer dance, to be held at the Elks' hall Thursday.

It is expected that there will be a very large attendance of young society people from neighboring towns as well as of local circles.

The social session committee of the Elks, Messrs. Will Campbell, Sylvia Leary and D. H. C. Bowen are perfecting arrangements for a thoroughly delightful dance.

Horstman's trio will furnish the music.

WESLEY CHAPEL MITE SOCIETY. Please notice the change. The meeting will be postponed this week until Wednesday, August 26th.

GERMANY DRAWS JAP ULTIMATUM

Kaiser Must Disarm
In Far East.

GIVEN WEEK OF GRACE

Declaration of War Almost
Certain to Follow.

UNCLE SAM DEEPLY CONCERNED

Mikado Demands the Withdrawal or
Dismantling of German Warships
Now in Oriental Waters and the
Evacuation of Kiao-Chau, a German
Colony in China—Step Regarded
With Apprehension at Washington.
War Zone Likely to Spread.

Tokyo, Aug. 17.—The Japanese government sent an ultimatum to Germany demanding that German warships in the far east be withdrawn or dismantled and that the German leased colony of Kiao-chow be surrendered.

The ultimatum expires next Sunday, giving Germany one week in which to send her reply to the Tokyo government. If Germany within this week of grace does not accede to the Japanese demand, the Japanese government will take such steps as it sees fit. The fact that the Japanese fleet left Japan some days ago for an unannounced destination and that a considerable body of Japanese troops have been on transports awaiting an order to sail for a similar length of time, indicates that Japan is prepared to use such force as may be necessary to enforce her demands.

The sending of the ultimatum to Germany was announced Sunday. At the same time Takaaki Kato, Japanese minister of foreign affairs, after a conference with George W. Guthrie, the American ambassador at Tokyo, issued a statement which was intended to allay any apprehensions on the part of the United States government and people regarding Japan's intentions. The statement in broad terms assured the United States that American interests in the far east would be safeguarded by Japan and that Japan would uphold the integrity of China.

Japan's ultimatum is in the first instance a fulfillment of her part in the

AMBASSADOR CHINDA
Notifies State Department of
Japan's Ultimatum to Germany.

© 1913, by American Press Association.

MAY EMBROIL UNITED STATES

Washington, Aug. 17.—There is no doubt that Washington views the ominous outlook in the far east with extreme gravity and considers the prospect opened up by the reported action of Japan as quite as serious, if not the most serious, event that has as yet occurred in regard to the interests of the United States. It would occasion no surprise here if it were found that the reported intentions of Japan were the cause of the United States government moving actively in the situation and becoming a participant in the discussion which must necessarily ensue.

Ambassador Chinda had a conference with Secretary Bryan, about which the most absolute secrecy is maintained. It was followed later by a visit of the Russian ambassador to the state department.

If the United States takes any step looking toward either the prevention of hostilities in the far east or toward the preservation of Chinese neutrality and territorial integrity, it is considered probable that the issue will be virtually decided in London. It is taken for granted here that every movement on the part of the Japanese is being made at the inspiration and request of the London foreign office.

Of near concern to the United States is the thought of what Japan may choose to do in the Pacific. Germany has three groups of islands in the Pacific. She shares the Samoas with the United States and has considerable holdings in the Caroline and Pelew Islands, the latter two groups being on the line between Hawaii and the Philippines. Japan could take all these island possessions from Germany with the greatest ease. The only question is whether she cares to extend her possessions in the opposite direction from her chief interests—Corea, Manchuria and China.

ITALY RESTS ON BALANCE

London, Aug. 17.—The spreading of the war zone, which it is believed will be the inevitable outcome of Japan's ultimatum to Germany, in the view of some English experts, is likely to be followed by an open break in the already tensely drawn situation between Austria and Italy.

Should this break come, in the opinion of these observers, it would mean in the present situation the speedy crumbling of Austria's power and the complete isolation of Germany. With no outside help and with her navy bottled up, her commerce destroyed, her far eastern trade and possessions gone, the experts say it would mean that the present war would be brought to an early end even should the German arms win some victories in Belgium and France.

The tension between Italy and Austria at present may be gauged by the fact that 1,000 Italians are leaving France immediately in answer to a mobilization order.

TURK SEIZURES

Athens, Aug. 17.—Reports received here say that Turkey is requisitioning cargoes of all steamships in Turkish waters without regard to their nationality. The purchase by Turkey of the German cruisers Goeben and Breslau has caused much apprehension here.

Buy at home. Boost Washington.

The world wakes up hungry, and the prayer goes forth, "Give us responsibility resting upon us bakers, we give you our tested best—

SUMMON SHIPPERS OF FOOD

Chicago, Aug. 17.—Summons were issued for twenty-four persons following the receipts of reports by District Attorney James H. Wilkerson from investigators for the department of justice which alleged that 10,000,000 pounds of meat have been shipped out of Chicago and rushed over the Canadian border since the European war began; that two trainloads of provisions billed to the British government leave Chicago nightly, and that thousands of pounds of supplies have been sent to New York, where they are now being held pending arrangements for transportation to foreign nations. The reports created a sensation here. Mr. Wilkerson said that the witnesses would be asked to appear at once and will be questioned on every phase of the food situation. Those who will appear are wholesalers, retailers and warehousemen.

FRENCH SUCCESS IS BEING CLAIMED

Paris, Aug. 17.—The French forces advancing on Blamont and Cirey, on the border of the department of Muerthe et Moselle, to the east of Luneville, were confronted by an Austrian army corps which was holding the towns. The French were entirely successful. They carried Blamont at the point of the bayonet. The French army, which is operating from the heights of the Vosges, also continued its advance, retaking the town of Thann, in Alsace and capturing General Von Delfning, commander of the Fifteenth German army corps. Two French army airmen on a reconnoitering flight from Verdun flew over the Zeppelin hangars and dropped two bombs on the hangars, doing much damage. They drew the German fire repeatedly, but escaped unharmed.

The dead: Edward Sheets and Chester and Frank Walker, garage owners.

Three Dead and Others Badly Burned in Ohio Town.

McConnelsville, O. Aug. 17.—Some one struck a match at the Walker garage after the top of a can of gasoline had been taken off so it could be emptied, and in the explosion which followed one garage worker, Edward Sheets—thirty-five, was instantly killed, eight others were hurt, two of whom died later, and four buildings were wrecked, causing a loss of approximately \$20,000.

The dead: Edward Sheets and Chester and Frank Walker, garage owners.

The fatally injured: "Mrs. James Chappellear, Malta; Mrs. Henry Rardon, Malta; Frank Bartlett, ten, a spectator. Seriously burned: Ernest Ridgely, James Chappellear, Chappellear's little baby."

Frank Walker, one of the owners, said the top of the gasoline tank had just been taken off when somebody in the crowd struck a match, and this caused the explosion. A few minutes later only the front wall of the garage was standing and the flames had spread to the Charles Johnson home, which burned to the ground. The Brastus Beckett building, containing a grocery and three apartments, was totally destroyed, and the Virgil Van Horn blacksmith shop was partially destroyed.

BOMBARD RUSSIA

London, Aug. 17.—Reuter's has a dispatch from St. Petersburg saying that it is officially announced that two German destroyers have bombarded Polazzen, in the province of Courland, on the Baltic. No damage was done by the bombardment, according to the official report.

MUNICIPAL PLANT

Paris Playhouse

The receipts for the theaters and music halls of Paris have just been published. These statements are required by law in view of the poor relief tax levied on these earnings. The figures, states the Paris correspondent of the London Times, have never been as high as they are for last year—nearly \$13,383,000. They exceed by \$583,000 the record established in 1912 and by \$1,946,000 the returns for 1911. The increase is due principally to the takings of cinematograph shows. These establishments in 1913 earned \$1,655,000 as compared with \$1,314,000 the year before.

I am in a position to make better terms on loans than at any time in years. Am loaning money in Fayette, Ross, Pickaway, Madison and Clark counties. MUST BE A PERSON. Don't close a loan until see me and know why they money of me.

EUROPE'S FUTURE HANGS ON RESULT

Great Battle Under Way Near Namur.

ALLIES BEAT BACK FOE

Reported Victorious In a Sharp Artillery Duel.

BELGIANS ENGAGE VANGUARD

on the footpath of the Domonius bridge, wounding five men.

All along the Alsace-Lorraine frontier the advance guards of the two opposing armies have come into contact, and according to French official reports the Germans have been driven back everywhere with loss.

The French forces before Clrey drove farther to the eastward the Bavarians who were repelled Saturday and occupied positions a good distance from the frontier. It is also announced that the French occupied the important heights of Donon, a mountain chain in the Vosges, and made more than 500 prisoners.

The British home fleet has cleared the North sea so that merchant vessels are now passing freely between Scandinavian ports and England, bringing provisions to the United Kingdom. The German fleet is reported to be still bottled up in the eastern part of the North sea.

The Great Battle.

In a line of battle such as that which it is believed is now being drawn up in Belgium and France, with a length of 300 miles, experts point out, different results may be expected at different points. It is realized both in England and France that an initial success at one point is almost inevitably to be compensated for by a temporary failure at another, and that the main issue can be decided only by the final readjustment of positions of the contending armies. The fighting almost certainly will extend over many days.

Meanwhile the Russian armies are beginning to make their presence felt on the German and Austro-Hungarian frontiers. So far as the reports received here go, no battle of importance has yet been fought on the Russian frontier, but the Russians are reported to be forcing the German and Austrian outposts to fall back at the point of the bayonet. While the Austrians are thus beginning to have their attention distract to the northeast, the Servians are holding the big Austrian army, reported to number 400,000 men, in check along the Danube and Save and are inflicting heavy losses with their artillery fire.

Berlin advises say that the Austrian invasion of Russia is continuing by way of the river Danube.

It is reported here that the German plans for the invasion of France have entirely miscarried.

BAR ABSINTHE

Paris, Aug. 17.—The prefect of police, under orders of the military governor, issued an edict forbidding the sale of absinthe in Paris.

CAPTURE GERMANS

Paris, Aug. 17.—The Havas agency has a dispatch from Huelva, Spain, reporting the capture of two German merchant vessels, one a passenger ship and the other a freighter, by an English torpedo flotilla.

Feline Music.

Scarlatti, the Italian composer, owned a cat which loved to walk on the keys of a piano and struck certain notes in preference to others. The composer took those notes as the theme of one of his fugues, which for that reason received the name of "The Cat Fugue."

ROOSEVELT BACKS

HINMAN IN FIGHT TO BEAT WHITMAN.

Albany, N. Y., August 17.—The New York state gubernatorial fight is bound to interest the nation this fall even more than it generally does. The chief political significance is the part Colonel Roosevelt is playing. He has come out with a flat endorsement of ex-Senator Harvey D. Hinman, who has announced himself as a candidate for the nomination at the Republican primaries as an anti-Barnes and independent candidate. Hinman will try to beat out District Attorney Charles S. Whitman of New York for the nomination. Whitman will be the regular Republican organization's man. If Hinman should get the nomination and win at the election it would be a big feather in Roosevelt's cap. If the colonel should meet with any kind of success with his Progressive candidates in other states it would strengthen him materially for the 1916 presidential race.

RUSSIA GIVES TURKEY POSER

Copenhagen, Aug. 17.—Russia has made demands upon Turkey that unrestricted passage through the Dardanelles be granted to the Russian Black sea fleet.

At the outbreak of the European war Turkey proclaimed the neutrality of the Dardanelles. Since that time the German cruisers Goeben and Breslau took refuge in the strait from pursuit by British and French cruisers and have since been sold to Turkey. The allies who are fighting contend that this purchase by Turkey, a neutral nation, of the two German ships at this time, was a violation of international law.

SUGAR "WAFERS"

Baltimore, Aug. 17.—A report is in circulation here to the effect that England is buying American sugar to use in making explosives.

Gloves of Varnish.

Skin varnish completely covering the hands is used by some surgeons instead of rubber gloves during surgical operations. So cleverly is the varnish made that it cannot be washed off with water or any liquid likely to be met in the course of an operation; nor can it be scraped off except by scraping off the skin itself, and yet it is about as pliable as very thin rubber. The purpose in using it instead of rubber gloves is to preserve the sensitivity of the touch and make it easier to handle materials such as catgut. The varnish looks like honey. It is rubbed on the hands after they have been washed as thoroughly as possible, and quickly dries. To remove it the hands are washed in another chemical solution.—Saturday Evening Post.

What Ailed Him.

Bacon—What's the matter with your neighbor?

Egbert—Sick.

"Too bad."

"Yes. His wife bet him he wouldn't eat one of the first biscuits she cooked, and he took the bet."—Yonkers Statesman.

W. T. Greene, Hopkinton, N. H., writes the following letter, which will interest every one who has kidney trouble. "For over a year, Mrs. Greene had been afflicted with a very stubborn kidney trouble. Foley Kidney Pills done more to complete her recovery than any medicine she has taken and I feel it my duty to recommend them." Blackmer & Tanquary.

ATHLETICS EVEN WITH MULDOONS

AMERICAN DIPLOMATS IN EUROPE STRIVE TO AID ALL TRAVELERS.

These are the three American ambassadors in Europe who hold important and trying positions because of the general war. Myron T. Herrick, the retiring ambassador to France, who was to have sailed home on August 6, remained in Paris. He was particularly concerned over the hardships endured by American travelers. James W. Gerard, ambassador to Germany, is in the thick of perplexities over the fact that the Kaiser ordered that no foreigners should leave the country. George T. Marye, the new ambassador to Russia, had hardly reached his new post before the war broke out.

Determined to even up for a shut-out defeat of a few weeks before, the Athletics outdid themselves Sunday afternoon by walloping the Cincinnati Muldoons to the tune of 11 to 2, and by fiendishly slaughtering the curves of Bacon, the visitors' star slabman, who proved such a problem to them in the previous game. Even the sending into the box of Rawn and McCordy, Muldoon pinch pitchers, failed to stop the incessant slugging of the possessed Athletics.

Everyone hit and hit hard. Runnels scored a homer, while Linson and Adams each laced out the pill for clean three-baggers and Jones netted a neat double. Features of the game were the pretty fielding of Noon and Corwin.

Next Sunday's game will be with Greenfield. 'Nuff sed.

The box score of Sunday's game follows:

Hits—Off Bacon, 13 in 6 innings.

Mrs. Evelyn Dick arrived from Dayton Sunday to spend the week with her mother, Mrs. Emma Palmer.

STILL TREATING FREE OF CHARGE

The veterinarians under Dr. Salt, who are at work in the war to eradicate hog cholera from Fayette county, are still treating animals free of all charge, other than necessary to employ help to handle the porkers.

As originally announced, only swine infected or exposed to infection, are given treatment free of charge. This includes all herds where there is reason to believe danger of cholera exists.

It has been reported that some unknown parties have been circulating the report that free treatment of infected herds has been abolished. Beware of feeding too much new corn before the hogs are "seasoned" to the new corn, is an order issued by Dr. Salt. A hog fed on new corn loses some of its normal resistance to disease, and renders the animal more liable to infection.

Mrs. Evelyn Dick arrived from Dayton Sunday to spend the week with her mother, Mrs. Emma Palmer.

Dr. Fred Morris who recently opened a veterinary office in the Cox livery barn, lost his entire equipment of instruments, drugs, books and notes.

The loss is a severe one, with not one cent of insurance. Dr. Morris opened his office just a few weeks ago.

DR. FRED MORRIS

All banks in the city will close Wednesday and Thursday afternoons of this week.

The banks close at 12 noon each of the two days, and remain closed the remainder of the day. The usual midweek holiday will be observed, and Thursday afternoon will also be devoted to the county fair.

Mrs. T. E. Brown has returned from a visit with her parents, Mr. and Mrs. Phil Uhrig, of Madison Mills.

Ask O. F. Sturgeon for a COLE pencil at the Fair.
